Power consumption	W	318	
Moisture removal	30°C, RH80%	L/Day	20
Ambient temp	°C	5 - 35	
Fan Speed		2	
Noise level (Quiet)	dB(A)	45	
Compressor Refrigerant		R134a (CFC Free)	
Water tank volume	L	4	
Timer Control	Hours	2, 4, 8, 12	
Net/Gross weight	kg	10.7 / 11.9	
Net Dimension (W x H x D)	cm	17.2 x 51.7 x 38.7	
Gross Dimension (W x H x D)	cm	24.3 x 58.0 x 45.5	
Operating Temperature Range	°C	5 - 35	
Optimum Temperature Range	°C	15 - 30	

Press the "DRY" button to select your desired humidity level. The innovative humidity control system will automatically maintains the humidity.

Our new innovative 5-Stage Purification System of Anti-allergy, Charcoal and Silver Nano filter helps eradicate house mites, dust, pollen, bacteria and musky smells.

The auto swing functions maximises air flow and direct dry air to all areas. The louvre incorporates 3 angles which are 140° Wide, 80° Upper and 60° Front. To further fine tune the dried air the louvre is equipped with a manual operated deflector.

Being innovative the DC202 comes with a fragrance box. Just add a few drops of essential oil to the sponge and it will diffuse scent giving aroma to your purified air.

The hose supplied is for continuous drainage. Remove the knockout cover at the back, attach the hose to the connector through the hole. The hose should be lead to the drain with no sharp bends and in a down wards slant.

For added convenience the 12Hrs Timer can be set to provide flexible unattended usage great for laundry and energy saving.

The DC202 boast a staggering 20L/day in a modern and stream line design with integral caster wheels and a large 4L water tank with easy handle to help with pouring and anti-spilling when carrying the tank.
