

ECO14LDG
ECO20LDG

- ✓ HEPA Filter
- ✓ Powerful Dehumidification
- ✓ Ioniser (ECO14LDG only)
- ✓ LED Display
- ✓ Auto Restart Function
- ✓ Transparent Water Level Indication
- ✓ Humidity Sensor
- ✓ Semi-hidden Caster
- ✓ Convenient Handle

This slightly improved, modern and effective dehumidifier will help you enjoy damp free interiors. The two models available in this range have an extraction rate of 14L or 20L. You will discover some real benefits that come with its excellent features:

- Effective and quick dehumidification - will automatically adjust humidity level to a minimum.
- HEPA filter - this filter removes airborne contaminants such as pollen, dust mites, animal danders and airborne particles. Asthma & allergy sufferers will benefit from this feature.
- Ioniser – negative oxygen ions remove a wide variety of contaminants from the air, thus greatly contributing to your good health (only available on ECO14LDG).
- Auto Defrosting Feature.
- Auto Re-start Function - so you don't have to worry about re-starting it after a power cut.
- LED Display - easy to read even in poorly lit areas (like basements).
- Transparent Water Level Indicator - so you can see when the tank is full.
- The option of adding filters.
- Semi-hidden Caster - so you can easily move the dehumidifier.
- Convenient Handle - so you can carry the dehumidifier anywhere.
