Carbon Filter

Intelligent Energy™

Your dehumidifier is programmed with Intelligent Energy™ to help you save energy by automatically lowering its fan speed when your desired or the set humidity is reached within the Auto and Manual modes. With Intelligent Energy™ the illumination of your LCD display will automatically switch off and on.

Intelligent Protect™

Your dehumidifier is designed with Intelligent Protect™ to help protect your compressor hence prolonging the life of your unit. Intelligent Protect is a unique pre-programmed variable time delay for starting and stopping the compressor in your dehumidifier. The time delay varies between 1 minute to 10 minutes depending on the settings, ambient conditions and functions selected.

Specification

Model		ECO20LDK	
Power supply		Ph-V-Hz	1-220~240V-50HZ
Dehumidifying consumption	30°C, RH80%	W	360
Moisture removal	30°C, RH80%	L/Day	20
Noise level (quite operation mode)		dB(A)	36 - 43
Water tank volume		L	4.5
Refrigerant			R134a
Net Dimension (H*W*D)		cm	59 x 36.6 x 33
Gross Dimension (H*W*D)		cm	63.5 x 40.2 x 37.2
Net/Gross weight		kg	12.2 / 14.0
Operating Temperature Range		°C	5 - 35
Optimum Temperature Range		°C	15 - 30
